technical assistance, and for other contracted services.

§891.115 Notice of funding availability.

Following an allocation of authority under §891.110, HUD shall publish a separate Notice of Funding Availability (NOFA) for the Section 202 Program of Supportive Housing for the Elderly and for the Section 811 Program of Supportive Housing for Persons with Disabilities in the FEDERAL REGISTER. The NOFAs will contain specific information on how and when to apply for the available capital advance authority, the contents of the application, and the selection process.

§891.120 Project design and cost standards.

In addition to the special project standards described in §§ 891.210 and 891.310, as applicable, the following standards apply:

- (a) Property standards. Projects under this part must comply with HUD Minimum Property Standards, unless otherwise indicated in this part.
- (b) Accessibility requirements. Projects under this part must comply with the Uniform Federal Accessibility Standards (See 24 CFR 40.7 for availability), section 504 of the Rehabilitation Act of 1973 and HUD's implementing regulations (24 CFR part 8), and for new construction multifamily housing projects, the design and construction requirements of the Fair Housing Act and HUD's implementing regulations at 24 CFR part 100. For the Section 811 Program of Supportive Housing for Persons with Disabilities, see additional accessibility requirements in §891.310(b).
- (c) Restrictions on amenities. Projects must be modest in design. In individual units in supportive housing for the elderly and in independent living facilities for persons with disabilities, amenities not eligible for HUD funding include individual unit balconies and decks, atriums, bowling alleys, swimming pools, saunas, Jacuzzis, trash compactors, washers and dryers. However, HUD funding is eligible to pay for persons with disabilities. Sponsors may include certain excess amenities, but

must pay for them from sources other than the section 202 or 811 capital advance. They must also pay for the continuing operating costs associated with any excess amenities from sources other than the section 202 or 811 project rental assistance contract.

- (d) Smoke detectors. After October 30, 1992, each dwelling unit must include at least one battery-operated or hardwired smoke detector, in proper working condition, on each level of the unit.
- (e) Projects under this part may have on their sites commercial facilities for the benefit of residents of the project and of the community in which the project is located, so long as the commercial facilities are not subsidized with funding under the supportive housing programs for the elderly or persons with disabilities. Such commercial facilities are considered public accommodations under Title III of the Americans with Disabilities Act and must be accessible under the requirements of that Act.

§891.125 Site and neighborhood standards.

All sites must meet the following site and neighborhood requirements:

- (a) The site must be adequate in size, exposure, and contour to accommodate the number and type of units proposed, and adequate utilities (water, sewer, gas, and electricity) and streets must be available to service the site.
- (b) The site and neighborhood must be suitable from the standpoint of facilitating and furthering full compliance with the applicable provisions of Title VI of the Civil Rights Act of 1964, the Fair Housing Act, Executive Order 11063 (27 FR 11527, 3 CFR, 1958–1963 Comp., p. 652); as amended by Executive Order 12259, (46 FR 1253, 3 CFR, 1980 Comp., p. 307)); section 504 of the Rehabilitation Act of 1973, and implementing HUD regulations.
- (c) New construction sites must meet the following site and neighborhood requirements:
- (1) The site must not be located in an area of minority concentration (or minority elderly concentration under the
